

PANEL-FX™ GFRG*

*Glass Fiber Reinforced Gypsum

FLUSH TAPE-IN ACCESS PANELS

Embrace simplicity with High Crest's PANEL-FX™ prefabricated GFRG* Ceiling Access Panels. Each Panel comes with a factory molded access lid and surround, and is designed to sit flush to drywall ceilings. Beveled surround prevents buildup at tape joints. Simple to install by conventional tape-in methods; PANEL-FX™ Access Panels are cost effective, and offer superior consistency on every ceiling. Access lids available with or without hinges.
