## PRE-FINISHED, TAPE-IN ACCESS PANELS

## **PANEL-FX™**

**Pre-finished, Tape-in Access Panels** redefine accessibility in architecture.

**Offering architects the creative liberty to envision concealed access points that blend seamlessly into walls and ceilings.**

PANEL-FX™ Prefinished gypsum access panel has concealed hardware and blends in completely with your wall or ceiling to match the surrounding surface.

The door can be given any surface treatments to elevate style.

The solid GWB's acoustic integrity is guaranteed by a continuous perimeter gasket in the frame. Additionally, a large selection of standard and custom sizes are offered for PANEL-FX™

Available in sizes:

- **12"x12"**
- **18"x18"**
- **24"x24"**
- **Custom Sizes Available**
